

Non-Hormone Treated Cattle (NHTC)

***CONTACT US AT THE
OFFICE TO GET
NHTC VERIFIED***

Requirements

- ✓ All Source & Age (SAV) stipulations are required
– See SAV Requirements flyer
- ✓ Absolutely no hormonal growth promotants (HGP) or beta-agonists may be used on program calves
- ✓ Examples of HGPs
 - Reproductive hormones
 - Implants
 - MGA
 - Optaflexx
- ✓ If HGPs are present, inventory control records must be kept showing purchases, uses, and physical inventory
 - Failure to keep these records will result in disqualification of calves
- ✓ Feed records including pasture dates are required to be maintained
- ✓ Out-sourced cattle received must have ears palpated at first handling
