|-----------------------|--------------|
| For future reference: |              |
| Pen #: _____          | Lot #: _____ |

Traceability of Identification (check all that apply)

- Ranch tag was not removed from the cattle
- Lot tag was applied upon arrival and cross-referenced to the PCT
- Cattle have remained segregated from other sources of cattle
- Cattle were received directly from the listed location on the Shipping Affidavit
- Cattle were previously approved by another USDA PVP/QSA Program
- Name of Provider: \_\_\_\_\_
- Cattle were commingled but can be identified by source
- Describe how the cattle are distinguishable: \_\_\_\_\_

I attest that \_\_\_\_\_ has maintained the identity of the cattle and have removed  
(Current Location Name)  
any cattle that may have questionable origin.
